## Hamilton Island

74 Islands...go and explore!

Perfectly situated in The Great Barrier Reef, amongst the 74 Whitsunday Islands, Hamilton Island offers an experience like no other: glorious weather, azure waters, brilliant beaches, awe-inspiring coral reefs, fascinating flora and fauna, fine food and wines, and activities almost too numerous to mention. Hamilton Island is the largest inhabited island in the beautiful Whitsundays located just off the Queensland Coast. With direct flights daily, a wide range of restaurants, activities, shops and regular daily tours to The Great Barrier Reef and Whitehaven Beach, it's no wonder we're Australia's favourite island holiday destination.

#### getting here

Stretching through the sapphire blue waters of the Queensland coastline for over 2000 kilometres, the Great Barrier Reef is the most extensive coral reef system in the world. In close proximity to the Reef are the amazing Whitsunday Islands, a group of 74 islands the largest of which is Hamilton Island.

With our own island airport and direct flights daily, most people choose to fly straight here. And we can organise it for you - we have a fully licensed travel agency dedicated to booking flights as well as accommodation. You can also fly to the mainland then catch a bus and a ferry - or even sail here yourself and stop for a few days in our 180 berth marina.

There are a few different options for getting around on Hamilton Island. Buggies are the main mode of transport on the island, and are available for guests to hire during their stay. There is also a free Island Shuttle service, which operates daily.
